SECTION 2.0 CONDITIONS OF EMPLOYMENT

2.1 Alcohol and Drug Free Workplace

As part of our continuing effort to protect the health, safety and security of our employees and participants, Connections shall provide an alcohol and drug free workplace for all employees by:

PURPOSE

It is the desire of Employer to provide a safe and drug-and-alcohol free workplace. Using or being under the influence of drugs or alcohol while on the job may pose serious safety and health risks, is inconsistent with the behavior expected of Employees, and undermines Employer's ability to operate effectively and efficiently. In this connection, the unlawful manufacture, distribution, dispensing, possession, sale or use of a controlled substance or alcohol is prohibited on the job, in the workplace, or while engaged in business off Employer's premises. Such conduct is also prohibited during non-working hours to the extent that it impairs an employee's ability to perform on the job or threatens the reputation or the integrity of Employer.

APPLICABILITY

This policy will be implemented uniformly with respect to all Employees. The employment relationship is at-will. If an Employee does not wish to comply with this Policy, they are free to terminate their employment at any time.

Working Hours: All employees are prohibited from being under the influence of alcohol or illegal drugs during working hours. The use, sale, possession or transfer of illegal drugs or alcohol on Employer property or while performing any business for Employer is strictly prohibited. Use, sale or possession of alcohol or illegal drugs by an Employee will subject that Employee to discipline, which may include termination. Possession of illegal drugs will be reported to appropriate law enforcement officials.

Non-Working Hours: Such conduct is also prohibited during non-working hours if that use adversely affects an employee's performance which includes, but is not limited to, productivity, absenteeism, tardiness, and accidents; or threatens the reputation or the integrity of Employer.

Prescription Drugs: The use and possession of properly prescribed drugs or medications is permitted if it does not interfere with the Employee's job performance or pose a direct threat to the health or safety of the Employee and/or others. Employees that are required to take medication that may affect his/her ability to perform the job or pose a threat to the health or safety of others must notify their supervisor prior to beginning work.

Company Parties: Employer, at its discretion, may host company parties or functions where moderate alcohol consumption may be permitted.

PROHIBITED BEHAVIOR

The Employer explicitly prohibits:

- The use, possession, solicitation for, or sale of narcotics or other illegal drugs, alcohol, or prescription medication without a prescription on Employer or its customer premises or while performing any work assignment.
- Being impaired or under the influence of legal or illegal drugs, alcohol, or other intoxicating agents away from Employer, if such impairment adversely affects the Employee's work performance, the safety of the Employee or of others, or puts at risk the Employer's reputation.
- Possession, use, solicitation for, or sale of legal or illegal drugs or alcohol away from Employer, if such activity or involvement adversely affects the Employee's work performance, the safety of the Employee or of others, or puts at risk the Employer's reputation.
- The presence of any detectable amount of prohibited substances in the Employee's system while at work, while on the premises of the Employer or its customers, or while conducting Employer business. "Prohibited substances" include illegal drugs, alcohol, or prescription drugs or other intoxicating agents not taken in accordance with a prescription given to the Employee.

TESTING

The Employer will conduct drug and alcohol testing under the following circumstances:

- Random Testing: Employer or its customers may request or require employees in safety-sensitive positions to undergo drug and alcohol testing on a random selection basis. The Minnesota Drug and Alcohol Testing in the Workplace Act defines "safety-sensitive position" as "a job, including any supervisory or management position, in which an impairment caused by drug or alcohol usage would threaten the health or safety of any person." Employees will be selected at random for drug testing at any interval determined by the testing laboratory.
- Reasonable Suspicion: Employer may ask an Employee to submit to a drug and alcohol test at any time it feels that the Employee may be under the influence of drugs or alcohol, including, but not limited to, the following circumstances: violation of this policy, evidence of drugs or alcohol on or about the Employee's person or in the Employee's vicinity, unusual conduct on the Employee's part that suggests impairment or influence of drugs or alcohol, negative performance patterns, or excessive absenteeism.
- Post-Accident Testing: Any Employee involved in an on-the-job accident or injury under circumstances that suggest possible use of drugs or alcohol in the accident or injury event will be asked to submit to a

drug and alcohol test. "Involved in an on-the-job accident or injury" means not only the one who was injured, but also any Employee who potentially contributed to the accident or injury event in any way.

- Follow-Up Testing: Employees who have tested positive will be subject to ongoing, unannounced, follow-up testing for a period of two years and will be terminated immediately if he/she tests positive a second time.

SAFEGUARDS

Employer's policy is intended to comply with all state and federal laws governing drug and alcohol testing and is designed to fully safeguard Employee privacy rights of the law.

TESTING LABORATORIES

Any drug and alcohol testing required or requested by Employer will be conducted by Sanford Occ Med and in accordance with their procedures.

COSTS

Employer will pay the cost of any drug and alcohol testing that it requires or requests of Employees. Any additional tests that the Employee requests will be paid for by the Employee. Employees with a confirmed positive test result may, at their option and expense, have a second confirmation test made on the same specimen by a testing facility of their choice.

NOTICE OF TEST RESULTS

Employer will notify the Employee or job applicant in writing within three working days after receipt of a test result report from the testing laboratory, of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test. An Employee or job applicant has the right to request and receive a copy of the test result report.

Positive Test Result: In the case of a positive test result on a confirmatory test, the Employee or job applicant may within three (3) working days after notice of positive test result, explain the positive test. Employer may request that the Employee or job applicant indicate any over the counter or prescription medication that the Employee is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.

An Employee or job applicant may request a confirmatory retest of the original sample at the Employee's own expense within five (5) working days after notice of a positive test result on a confirmatory test. Employer will notify the original testing laboratory of the need for a retest or transfer the sample to another approved laboratory as requested by the Employee, within three (3) working days of the Employee or job applicant's request for a confirmatory retest. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test will be taken against the Employee or job applicant.

Employees who test positive will be suspended pending the outcome of a confirmatory retest or proof that the Employee has discontinued use of alcohol and/or drug(s). An Employee who has been suspended without pay will be reinstated with back pay if the outcome of the confirmatory test or retest is negative.

Counseling: Employees who test positive will be given an opportunity to participate in a drug or alcohol counseling or rehabilitation program, at the Employee's expense or pursuant to coverage under an employee benefit plan. Employees who refuse to participate in the counseling or rehabilitation program or fail to successfully complete the program will be terminated. Employees who have tested positive will

be subject to future drug and alcohol tests. Repeat tests, which show continued use of drug or alcohol, will result in termination of employment.

EMPLOYEE ASSISTANCE PROGRAM

The Employee will be referred to the agency's Employee Assistance for consultation and, if necessary, rehabilitation. It is Connections purpose to help Employees and/or their family members cope with drug or alcohol problems. The program provides problem assessment, short-term counseling, and referrals. Participation in the program is confidential and will not jeopardize an employee's job security or promotional opportunities. Records of counseling sessions are kept confidential by Employee Assistance Program.

An Employee will be allowed available PTO while undergoing treatment.

CONFIDENTIALITY

Employer will make every effort to keep the results of drug and alcohol tests confidential. Only persons with a need to know the results will have access to them. The Employee will be asked for the Employee's consent before test results are released to anyone else. If the Employee is to be referred to a treatment facility for evaluation, the Employee's test results will also be made available to the Employee's counselor. The results of drug testing in the workplace will not be used against the Employee in any criminal prosecution. The Employer may disclose the results if ordered by a Court or as required by state or federal law.

DRUG FREE WORKPLACE ACT OF 1988

In accordance with the Drug Free Workplace Act of 1988, any Employee, as a condition of employment on federal contracts, who is convicted of a criminal drug violation in the workplace must notify the Employer in writing within five (5) calendar days of the conviction. The Employer will take appropriate action within 30 days of notification. Federal contracting agencies will be notified when appropriate.

REFUSAL TO SUBMIT

An Employee may refuse to submit to a drug and alcohol test as outlined in this policy. However, a refusal to submit to testing will be treated as an admission of guilt and the Employee will be subject to disciplinary action up to and including termination. Refusing to submit includes failing to provide adequate breath or urine samples for alcohol and drug testing and any conduct that obstructs the testing process. This includes adulteration or tampering with a urine or breath sample.

2.2 Applications

Policy: All applicants for employment are required to complete a written Connection's application. Resumes are welcome but may not be used in place of an employment application.

Procedure

Connections requires that in addition to a resume (as position requires) all applicants must complete an application either in person, or online. Any person requiring special accommodations for either the application and/or interview should request such reasonable accommodations at the time of application or at the time of interview selection.

2.3 Affirmative Action

Policy: This statement reaffirms Connections policy of providing Equal Opportunity to all employees and applicants for employment in accordance with all applicable Equal Employment Opportunity Affirmative Action laws, directives, and regulations. Connections will not discriminate against any employee or applicant for employment because of race, color or creed, religion, ancestry, national origin, gender, sexual orientation, socio-economic status, disability, age, or marital status.

Procedure

Connections will take Affirmative Action to ensure that all employment practices are free of such discrimination. Such employment practices include, but are not limited to, the following: hiring, demotion, promotion, transfer, recruitment or recruitment advertising, selection, layoff, disciplinary action, termination, rates of pay or other forms of compensation, and selection for training, including internships. Connections prohibits the harassment of any employee or job applicant based on their protected class status. The organization will commit the necessary time and resources, both financial and human, to achieve the goals of Equal Opportunity and Affirmative Action.

Connections does appoint a designated coordinator as the Equal Employment Opportunity Coordinator (EEO) to manage the Equal Employment Opportunity Program. The responsibilities will include monitoring all Equal Employment Opportunity activities and reporting the effectiveness of this Affirmative Action Program, as required by Federal, State and Local agencies. If any employee or applicant for employment believes he/she has been discriminated against, please contact the EEO Coordinator.

2.4 Attendance

Policy: Absence is the failure of an employee to report to work and remain at work as scheduled. Connections is concerned with all absenteeism because of the negative impact it can have on its ability to provide timely and quality service to its participants and the community. Employees are expected to report to work at all times when scheduled to work and remain on shift until the shift is completed. Prompt and regular attendance is a condition of employment for all employees.

Procedure

Employees should submit leave request forms a minimum of 30 days in advance to their supervisor. Preference for time off requests will be granted on a first come first serve basis. Connections reserves the right to reprioritize time off requests based on circumstance and may not always allow an employee to receive their requested time off. Connections does not have an unpaid leave policy. Therefore, FT employees requesting time off must have available PTO to do so. PRN employees requesting leave for more than 30 days may be asked to resign and reapply due to training and statute requirements.

If an **unplanned** absence occurs (e.g. illness, family emergency) employees should call or text his/her supervisor a minimum of 5 hours prior to when your shift starts. Failure to request advanced approval or to report the absence will result as an unexcused absence and may be deemed a voluntary resignation. A Physician's note may be required for any illness or injury causing you to be absent from work for 3 or more days or in the event an employee does not call out at least 5 hours prior to the start of the shift for the absence to be considered excused. Supervisors reserve the right to request a Physician's excuse with any absence due to illness. Failure to follow this policy and procedure may result in disciplinary action up to and including loss of status and/or termination. Absence also includes late arrivals and early departures.

PTO/HOLIDAY USE: Should an employee fail to call out at least 5 hours prior to the shift, he/she may not be eligible to use PTO for that shift and may not be eligible to receive holiday pay for the shift not attended. In addition, employees must work both the scheduled shift prior to and following a holiday in order to be eligible for holiday pay.

Excessive absence is more than 2 absences in 3 months and prompts a review.

Excessive tardiness is being tardy more than 2 times in 3 months and prompts a review.

2.5 **At-Will Employer**

Policy: The policies and procedures set out in this manual are not intended to create, and should not be construed as creating, an employment contract. All employees are employed on an at-will basis. At-will employment means that either Connections or the employee can terminate the employment relationship at any time, with or without prior notice, for any reason not otherwise prohibited by law. Any representation to the contrary is not binding on Connections unless it is in writing and is signed by an authorized representative of Connections.

2.6 **Classification of Employees:**

Policy: Connections will ensure that all employees are classified correctly for the purpose of determining uniform standards for benefit eligibility, conditions of employment, and compliance with all applicable wage and hour laws, which determine the necessary criteria for employment exemption.

Procedure:

Employees will be classified into the categories listed below.

Full-Time Employees

Full time employees are those employees who are scheduled to work between 36-40 hours per week on a regular basis, with a regular schedule. Full-time employees may be salaried or hourly and will be classified as Exempt or Non-Exempt in accordance with the wage and hour laws.

Temporary Part-Time Employees (No Benefits - PRN)

Temporary Part-Time employees are those employees who are scheduled to work between 1-29 hours per week on a regular basis and those employees who are scheduled to work up to 40 hours per week on an irregular and/or temporary basis. They are classified as Non-Exempt and are not eligible for benefits unless otherwise covered by law.

Exempt Employees

Exempt employees are excluded from the overtime pay provisions of applicable federal and state wage-and-hour laws and are paid on a salary basis in accordance with all current wage and hour laws. These employees are the Executive, Administrative, and Professional staff in the agency.

Non-Exempt Employees

Non-exempt employees are eligible for overtime pay under the overtime provisions of applicable federal and state wage-and-hour laws. These employees are paid on an hourly basis.

PAY DEDUCTIONS – FLSA SAFE HARBOR

The employer takes all reasonable steps to assure that employees receive the correct amount of pay in each paycheck and that employees are paid promptly on the scheduled payday. Any deductions to an employee's salary are to follow the Fair Labor Standards Act ("FLSA"). The employer prohibits improper pay deductions as identified in 29 CFR 541.602. Exempt employees are paid on a salary because they

are expected to work as many hours as needed to perform the work required. Because of this expectation, an exempt employee's salary is not subject to reduction because of variations in the quality or quantity of the work performed. Exempt employees will receive their full salary for any week in which they perform any work, without regard to the number of days or hours worked. However, exempt employees may not be paid for any workweek in which they perform no work and are not using accrued leave time.

Deductions from the pay of exempt employees are permissible under the following circumstances:

- Deductions from the pay of exempt employees may be made for unpaid disciplinary suspensions of one or more full days imposed for violations of company policies and procedures or workplace conduct rules, such as our sexual harassment policy.
- Deductions from pay may be made when an exempt employee is absent from work for one or more full days for personal reasons, other than sickness or disability, and is not using accrued paid leave time.
- Deductions from pay may be made for absences of one or more full days caused by sickness or disability (including work-related accidents) pursuant to company's sickness, disability, workers' compensation, Family and Medical leave Act, and/or other leave policies.
- To offset amounts employees receive as jury or witness fess, or for military pay.
- For a partial week worked during the initial week or the final week of employment.

In the unlikely event that there is an error in the amount paid or an improper deduction against salary, the employee shall promptly notify his/her supervisor or Administration so that the correction can be made as quickly as possible. Employer will reimburse an employee for any improper deduction.

Once underpayments or improper deductions are identified, they will be corrected as soon as possible, but no later than the next regular paycheck. Overpayments will also be corrected in the next regular paycheck unless this presents a burden to the employee, where there is a substantial amount owed. In that case, the employer will attempt to arrange a schedule of repayments with the employee to minimize the inconvenience to all involved. Should employment be terminated while monies are still owed to the employer, such monies will be withheld from the employee's final paycheck.

2.7 Confidentiality

Policy: All information about employees and persons served at Connections is considered private and confidential and is released or discussed only in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Minnesota Data Practices Act.

Procedure

All confidential information regarding persons served and employees will be locked during non-business hours.

2.8 Discipline

Policy: Connections expects employees to meet the standards set for high quality work performance and conduct. The agency reserves the right to take such disciplinary action as it deems appropriate under the circumstances. Disciplinary actions for employee conduct violations will be implemented in a reasonable manner based on the severity of the offense and the staff's past work history.

Procedure

Disciplinary action may encompass verbal and written warnings, unpaid suspension, and termination. Any disciplinary action taken by a supervisor must be reviewed in advance by the Executive Director, documented in writing, signed by the supervisor and a copy forwarded for the staff personnel file.

Examples of behavior that would result in disciplinary action would include violations of basic job expectations and values, tardiness, absenteeism, violating the agencies drug and alcohol policy, insubordination, violation of agency abuse and neglect prevention plan, violation of confidentiality, violation of Code of Ethics, criminal acts, and failure to follow safe working practices. The behaviors listed above should not be considered all-inclusive. The agency reserves the right to take such disciplinary action as it deems appropriate under the circumstances. Employees who are determined to have engaged in misconduct will be terminated. Refer to Section 8 Termination of Employment and Section 9.0 Grievance Procedure.

2.9 Use of Electronic Communications

Policy: Connections makes numerous electronic communication resources available to its employees to provide for greater efficiency in the workplace. Although employees are granted the use of the resources, such use is governed by Section 10.0 HIPAA and the following policies.

1. Ownership of Resources

Connections owns the hardware and software making up these communication resources and permits employees the use in the performance of their duties.

2. Ownership and Confidentiality of Information

All messages or information composed, sent, or received via Connections' communication resources are and remain the property of Connections. The communications are not the private property of any employee and should be treated in the same manner as shared paper files, subject to review by other staff members and your supervisor. No employee should have any expectation of privacy with respect to his/her use of Connections' electronic communications.

3. Use of Communication Resources

Connections provides communication resources for the purpose of business use and should only be used to conduct business for Connections. Additionally, the following restrictions apply to the use of Connections' communication resources:

Communication resources may not be used to solicit for commercial ventures, religious causes, political causes, outside organizations, sexual harassment as defined by Section 2.16 Harassment or other non- job-related solicitations.

Use of communication resources to create, disseminate, or view any offensive or obscene materials is strictly prohibited. Offensive materials include, but are not limited to, materials containing: any sexually suggestive, pornographic, or degrading materials; racial slurs; and all other derogatory or discriminatory comments based on gender, age, race, religious beliefs, national origin, disability, veteran status, status regarding public assistance, or any other state or federal protected category.

The use of Connections' communications to harass or intimidate others or to create an intimidating, hostile, or offensive work environment is strictly forbidden. There should be no expectation of privacy assumed by employees using company equipment.

4. Company Monitoring of Information

Connections may in its sole discretion periodically review, audit, intercept, access, and disclose messages or their information created, received, or sent over the communication resources.

5. Confidentiality

The confidentiality of any message should not be assumed. Log-on and other passwords should not be shared with other employees without appropriate authorization.

6. Message Quality

Every message written reflects Connections' credibility and the employees' professionalism. Correspondence is expected to be professional.

7. Downloading of Programs/Files

All programs or files that an employee wishes to download (install on their computer) require prior authorization from the Director of Operations or Executive Director. Software and hardware programs that are privately owned by employees cannot be introduced to Connections domain without prior approval from the Director of Operations and/or Executive Director.

8. Misuse of Communication Resources

Abuse and/ or misuse of Connections' communication resources through improper use or policy violation may result in disciplinary action up to and including termination.

Procedure

Electronic communication resources should not be used to communicate sensitive or confidential information. Employees should anticipate that electronic communication might be disclosed to or read by individuals other than the intended recipient(s). In addition, while Connections endeavors to maintain the reliability of its electronic communication system, employees should be aware that a variety of human and system errors have the potential to cause inadvertent or accidental disclosures of electronic communication.

Each user accesses the electronic communication resources by means of a log-in name and password.

- Passwords are intended to keep unauthorized individuals from accessing messages stored on the system. From a systems perspective and from the perspective of an e-mail recipient, passwords also establish the identity of the person sending an e-mail message. The failure to keep passwords confidential can allow unauthorized individuals to read, modify, or delete messages; circulate e-mail forgeries; and download or manipulate files on other systems.
- The practice of using passwords should not lead employees to expect privacy with respect to messages sent or received.
- Passwords should never be given out over the phone, included in e-mail messages, posted, or kept within public view.
- Employees are prohibited from disclosing their log-in name or password to anyone other than the system administrator.
- Employees have a responsibility to protect confidential information by not leaving files open on their computers when not at their desk. Refer to Section 2.7 Confidentiality and Section 10.0 HIPAA.

Virus Detection

Files downloaded from the Internet, apps, news groups, bulletin boards or other online services; files attached to e-mail and files provided by customers or vendors, may contain dangerous computer viruses that can damage Connections computer network. Users should never, accept e-mail attachments from outsiders, or use files, folders, or downloads from non-company sources without first scanning the material with company-approved virus checking software or reviewing with system administrator. If you suspect that a virus has been introduced into our network notify the Executive Director or Director of Operations immediately.

2.10 Employment of Relatives

Policy: Relatives of the acting Board or Leadership staff may not be employed by the agency. Exceptions must be authorized in writing by a vote of the full Board of Directors.

2.11 Job Posting, Transfer and Promotion

Policy: It is the policy of Connections that promoting employees from within benefits both the agency and its employees. Connections will internally post all job vacancies that it also publicly posts outside the agency.

Procedure

Vacancies will be posted for those positions also publicly posted. To be considered for a posted position you must:

Neither the agency nor any of its supervisors have any obligation to notify employees when jobs for which they may qualify are posted and will select the most qualified candidate from the internal and external applicants.

Connections' senior management reserves the right to promote/appoint qualified individuals to a vacancy to meet program/agency needs.

2.12 Introductory Period

Policy: All new employees and employees that transfer to a different position will need to complete a 60-day introductory period. This is a time of learning and evaluation and continued employment after introduction is dependent upon acceptable job performance during that period.

By formal resolution and in accordance with this policy, the governing authority has delegated overall responsibility for the Corporate Compliance Program to the Executive Director.**

Procedure

Organizational Code of Ethics: Since Connections employs staff from a variety of disciplines, it is the expectation of the organization that every employee will act and operate in a manner consistent with the Code of Ethics of his/her respective discipline. In the event that an employee is not legally, ethically or otherwise bound by a specific Code of Ethics, Connections will expect that he/she will provide services in strict accordance with Connections “Code of Ethics” which states;

“The essential values and ethical behaviors required include a thorough understanding of Connection’s mission and values, placing personal commitment to Connections purpose above self-interest, obedience of and commitment to the law, respect for the value and dignity of all individuals, truthfulness, fairness, striving to apply resources responsibility, and striving for excellence in all work performed.”

In business, marketing and human resources practices, Connections employees will be guided by the following corporate philosophy; Honesty, integrity, respect and fairness constitute the key components of all of our dealings with persons served, counties, parents, guardians, vendors, community partners, employees and our community in general. We will attempt to treat all persons served, employees, community partners, and any other interested stakeholders with dignity and respect and in a way that will create good will relationships in our local community. To the greatest extent possible, we will recruit and

promote from within and will attempt to offer our employees every affordable option for professional growth and development. No business code of ethics/conduct can cover every conceivable scenario that might arise during business conduct and marketing. Therefore, Connections employees are instructed to abide by this Code of Ethics and the principles therein and to seek assistance and clarification from the Executive Director or the Corporate Compliance Officer if any situation or scenario arises that might challenge the application of these principles. Only senior management level employees may serve as witness to any written documents.

As a related matter, situations and circumstances occasionally arise that may represent a potential conflict of interest. As a general principle, no employee of Connections will make any decision on behalf of the company that would represent, result in or give the appearance of personal gain or benefit, however slight. In such cases, employees are required to discuss the situation with the Executive Director or Corporate Compliance Officer prior to making any decision that would represent a commitment of the company's assets, obligate the company in any way and/or have the potential to give the appearance of impropriety or conflict of interest. Any and all contractual relationship must have the expressed written approval of the Executive Director.

With respect to the exchange of gifts, money and gratuities, personal fundraising, and personal property, it is important to be aware of, understand, and abide by all MN Statutes and ND Century Code related to Vulnerable Adult Abuse/Neglect issues. Personal fundraising is not permitted and any exchange of gifts, money, and gratuities is not permitted unless otherwise allowed via state regulations. However, all conduct shall remain at a professional level at all times and employees must abide at all times by the policies related to Employee Conduct and the expectations regarding boundaries as instructed in orientation and other boundaries-related trainings throughout the year. Personal property is the responsibility of each individual employee and Connections is not responsible for lost or damaged personal property.

No Reprisal-Reporting System - An integral part of the organization's Corporate Compliance Program is a non-retaliatory system that employees can use to report suspected waste, fraud, abuse and other questionable activities and practices. 2.29 Social Media Policy

The following is the agency's social media policy. *The absence of, or lack of explicit reference to a specific site does not limit the extent of the application of this policy.* Where no policy or guideline exists, employees should use their professional judgment and take the most prudent action possible. Consult with your supervisor if you are uncertain.

The agency does not permit the excessive use of social media sites for personal use, including, but not limited to: Facebook, Twitter, Instagram, TikTok, Instagram, Snapchat, etc. ("Social Media") while on company time with the use of company property or other property or technology.

Your online presence reflects the agency. Be aware that your actions captured via images, posts, or comments can reflect that of Connections. The agency prohibits employees from using the web and social media sites in any way that is injurious, offensive, threatening, intimidating, coercing, profane, harassing, or interfering with the company, its employees, or with the clients/customers it services, or is a release of proprietary business information. Other company policies (including anti-harassment, trade secret/proprietary information, etc.) apply to what employees do online.

Connections also prohibits employees from "friending" or otherwise socializing, liking, commenting, or communicating with participants, participants' family members, guardians or other customers via social media.

If participating in a personal blog, it should have clear disclaimers that the views expressed by the author in the blog is the author's alone and does not represent the views of Connections. Any information published on a blog should comply with the agency's confidentiality and disclosure of proprietary data policies. Your social media postings cannot include agency logos or trademarks and must respect

HIPPA, confidentiality, proprietary, copyright, intellectual property, privacy, fair use, and other applicable laws.

Some sites provide for members to write recommendation or referrals for friends/associates. Because a recommendation could be viewed as Connections endorsing the individual, no employee is permitted to make recommendations or referrals. Any requests for employment verifications, recommendations or referrals must be forwarded to the Finance Department.

There is no expectation of privacy when using the Internet at work. The agency reserves the right to review usage and history for all employees or block pages from computers as needed.

Employees should not speak to the media on Employer's behalf without receiving prior approval from the Executive Director. All media inquiries should be directed to the Executive Director or the Director of Operations.

Violation of the Social Media Policy can result in disciplinary action, up to and including termination.

This policy recognizes employees' rights to openly discuss their jobs, working conditions, and terms of employment with co-workers. The National Labor Relations Act ("NLRA") identifies employees' rights and protected activities as: "the right to self-organization, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection, and shall also have the right to refrain from any or all such activities except to the extent that such right may be affected by an agreement requiring membership in a labor organization as a condition of employment."

6.4 **Family Medical Leave Act (FMLA)**

Policy: Connections recognizes the need of employees to balance their work and family life by taking reasonable unpaid leave for certain family and medical reasons. Eligible employees will be provided with time off for the birth of a child, the placement of a child for adoption or foster care, for the serious health care condition of the employee or for the care of an immediate family member who has a serious health condition in accordance with the Family and Medical Leave Act (FMLA), the Minnesota Parental Leave Law, and Minnesota Sick or Injured Child Care Leave Act.

Procedure

The Family and Medical Leave Act (“FMLA”) entitles eligible employees to take up to 12 weeks of unpaid job-protected leave in a 12-month period for specified family and medical reasons.

The FMLA was recently expanded to include military family leave. Eligible employees can take up to 12 weeks of unpaid job-protected leave in a 12-month period for any “qualifying exigency” arising out of the fact that a covered military member is on active duty or has been notified of an impending call or order to active duty, in support of a contingency operation. Eligible employees may also take up to 26 weeks of job-protected leave in a “single 12-month period” to care for a covered service member with a serious injury or illness. The purpose of this policy is to identify the eligibility and leave requirements under the FMLA.

I. **Employee Eligibility**

To be eligible for FMLA benefits, an employee **must**:

- Work for a covered Employer,
- have been employed with Employer for a total of 12 months*,
- have worked at least 1,250 hours with Employer over the previous 12 months, **and**
- work at a location for the Employer where at least 50 employees are employed within 75 miles.

*While the 12 months of employment need not be consecutive, employment periods prior to a break in service of **seven** years or more need not be counted unless the break is occasioned by the employee’s fulfillment of his or her National Guard or Reserve military obligation (as protected under the Uniformed Services Employment and Reemployment Rights Act (USERRA)), or a written agreement, including a collective bargaining agreement, exists concerning the employer’s intention to rehire the employee after the break in service.

II. **Leave Entitlement**

A. **Family and Medical Leave**

The Company will provide up to 12 work weeks of unpaid family and medical leave during a 12-month period to an eligible employee who is temporarily unable to work for one or more of the following reasons:

- for the birth and care of a newborn child of the employee;
- for placement with the employee of a son or daughter for adoption or foster care;
- to care for a spouse, son, daughter, or parent of the employee who has a serious health condition; or

- to take medical leave when the employee is unable to work because of a serious health condition.

An employee's spouse, children and parents are immediate family members for purpose of the above family and medical leave. The term "**parent**" does not include a parent "in-law". The term "**children**" does not include individuals age 18 or over unless they are "incapable of self-care" because of a mental or physical disability that limits one or more of the "major life activities" as defined under the Americans with Disability Act.

The 12-month period is January 1st through December 31st of any given year

B. Military Family Leave

1. **Qualifying Exigency Leave**: The Company will provide up to 12 work weeks of unpaid military leave during a 12-month period to an eligible employee for qualifying exigencies arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty, or has been notified of an impending call or order to active duty, in support of a contingency operation. Qualifying exigency leave is available to a family member of a military member in the National Guard or Reserves; it does not extend to family members of military members in the Regular Armed Forces. "**Qualifying exigencies**" include the following:

- (a) **Short notice deployment**: issues arising from a covered military member's short notice deployment (i.e., deployment on seven or less days of notice) for a period of 7 days from the date of notification.
- (b) **Military events and related activities**: such as official ceremonies, programs, or events sponsored by the military or family support or assistance programs and informational briefings sponsored or promoted by the military, military service organizations, or the American Red Cross that are related to the active duty or call to active duty status of a covered military member;
- (c) **Childcare and related activities**: arising from the active duty or call to active duty status of a covered military member, such as arranging for alternative childcare, providing childcare on a non-routine, urgent, immediate need basis, enrolling or transferring a child in a new school or daycare facility, and attending certain meetings at a school or a daycare facility if they are necessary due to circumstances arising from the active duty or call to active duty of the covered military member;
- (d) **Making or updating financial and legal arrangements**: to address a covered military member's absence.
- (e) **To attend counseling**: provided by someone other than a health care provider for oneself, the covered military member, or the child of the covered military member, the need for which arises from the active duty or call to active-duty status of the covered military member;
- (f) **Rest and recuperation**: to taking up to **5** days of leave to spend time with a covered military member who is on short-term temporary, rest and recuperation leave during deployment.
- (g) **To attend post-deployment activities**: including attending arrival ceremonies, reintegration briefings and events, and other official ceremonies or programs sponsored by the military for a period of 90 days following the termination of the

covered military member's active-duty status, and addressing issues arising from the death of a covered military member; and

(h) Any other event that the employee and employer agree is a qualifying exigency.

2. **Military Caregiver Leave:** The Company will provide up to 26 work weeks of unpaid military caregiver leave during a "single 12-month period" to an eligible employee who is a spouse, child, parent or next of kin of a "covered service member" with a serious injury or illness to care for the recovering service member.

"Covered service member" is a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

"Serious injury or illness" is one that was incurred by a service member in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank, or rating.

"Single 12-month period" for military caregiver leave begins on the first day the employee takes leave to care for a covered service member with a serious injury or illness and ends 12 months later, regardless of the 12-month period established by the employer for other types of FMLA leave.

Minnesota Organ Donation Leave

Eligible Minnesota employees will be granted paid leaves of absence to undergo a medical procedure to donate an organ or partial organ to another person. The combined length of the leaves shall be determined by the employee, but may not exceed 40 work hours for each donation, unless agreed to by the employer. The employer may require verification by a physician of the purpose and length of each leave requested by the eligible employee for organ donation. If there is a medical determination that the employee does not qualify as an organ donor, the paid leave of absence granted to the employee prior to that medical determination is not forfeited. This leave does not affect an employee's right with respect to any other employment benefit.

An eligible employee is an employee who works an average of 20 or more hours per week for an employer who employs 20 or more employees.

School Conference and Activities Leave

Minnesota employees are granted up to 16 hours of unpaid leave during any 12-month period to attend school conferences or classroom activities related to the employee's child, provided the conferences or classroom activities cannot be scheduled during non-work hours. "Child" means a person under eighteen (18) years of age or a person who is under twenty (20) years of age and who is still attending secondary school. When the leave cannot be scheduled during non-work hours and the need for the leave is foreseeable, the employee must provide reasonable prior notice of the leave and make a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the Company. Any employee may substitute any accrued paid vacation or other appropriate paid leave for any part of the school conference and activities leave.

III. Serious Health Condition

"Serious health condition" means an illness, injury, impairment, or physical or mental health condition that involves either:

- A. Inpatient care (i.e. an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity (i.e. inability to work, attend school, or perform other regular daily activities) or subsequent treatment in connection with such inpatient care; **or**
- B. Continuing treatment by a health care provider, which includes:
 - 1. A period of incapacity lasting more than 3 consecutive, full calendar days, **and** any subsequent treatment or period of incapacity relating to the same condition that also includes:
 - (a) treatment two or more times by or under the supervision of a health care provider (i.e. in-person visits the first within 7 days and both within 30 days of the first day of incapacity); **or**
 - (b) one treatment by a health care provider (i.e. an in-person visit within 7 days of the first day of incapacity) with a continuing regiment of treatment (e.g. prescription medication, physical therapy); or
 - 2. Any period of incapacity related to pregnancy or for prenatal care. A visit to the health care provider is not necessary for each absence; **or**
 - 3. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a health care provider, and may involve occasional episodes of incapacity. A visit to a health care provider is not necessary for each absence; **or**
 - 4. A period of incapacity that is permanent or long-term due to a condition for which treatment may not be effective. Only supervision by a health care provider is required, rather than active treatment; **or**
 - 5. Any absences to receive multiple treatments for restorative surgery or for a condition that would likely result in a period of incapacity of more than three days if not treated.

IV. Leave Limitations

- A. An eligible employee is limited to a **combined total of 26 work weeks** of leave for any FMLA-qualifying reason during the "single 12-month period." Only 12 of the 26 weeks total may be for a FMLA-qualifying reason other than to care for a covered service member.
- B. Spouses employed by the same employer are limited in the amount of family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a **combined total of 12 weeks** (or 26 weeks of leave to care for a covered service member with a serious injury or illness is also used).

- C. Any other leave available to the employee (such as paid time off, vacation, sick, disability, or any leave under federal, state or local law) runs concurrently with the family and medical leave and the military leave so that the employee has a maximum of twelve (12) work weeks of leave in a 12-month period (or 26 weeks of leave to care for a covered service member with a serious injury or illness).
- D. Leave will be unpaid, except if the employee has available accrued paid leave under Company's policy (e.g. paid time off, vacation, sick), then the employee must take any available paid leave prior to receiving unpaid leave. In addition, if the employee has accrued vacation leave, then the employee must take any available vacation leave prior to receiving unpaid leave.
- E. FMLA leave taken due to the birth of a child or placement of a child for adoption or foster care must be concluded within 12 months after the birth or placement and must be taken in consecutive days.
- F. FMLA leave taken to care for a spouse, child, or parent, or because of the employee's own serious health condition may be **taken intermittently** or on a reduced leave schedule if such intermittent or reduced schedule leave is medically necessary.
- G. FMLA leave may be **taken intermittently** whenever medically necessary to care for a covered service member with a serious injury or illness. FMLA leave also may be taken intermittently for a qualifying exigency arising out of the active duty status or call to active duty of a covered military member.
- H. When leave is needed for planned medical treatment, the employee must make a reasonable effort to schedule treatment so as not to unduly disrupt the employer's operation

V. How to Request FMLA Leave

- A. **Notice:** Employees seeking to use FMLA leave are required to provide 30-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable. If leave is foreseeable less than 30 days in advance, the employee must provide notice as soon as practicable – generally, the same or next business day.

When the need for leave is not foreseeable, the employee must provide notice to the employer as soon as practicable under the facts and circumstances of the particular case. Absent unusual circumstances, employees must comply with the employer's usual and customary notice and procedure requirements for taking leave.

The employee must also notify their supervisor and make a reasonable effort to schedule the leave so as not to disrupt the Company's business operations. Failure to give required advance notice when such leave is foreseeable may result in denial of the requested leave until the required notice period is satisfied.

Within 5 business days of the employee notice of the need for FMLA leave, FMLA administrator will provide employee with Notice of Eligibility and Rights & Responsibilities. Employees must provide sufficient information for an employer reasonably to determine whether the FMLA may apply to the leave request. When an employee requests leave for a FMLA-qualifying reason for which the employer has previously provided the employee FMLA leave, the employee must specifically inform the employer of the qualifying reason for FMLA leave or the need for FMLA leave.

B. Certification Requirements:

1. Medical Certification: The Company may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at Company's expense) and periodic recertification of a serious health condition. An employee requesting FMLA leave to care for a spouse, child or parent or due to his or her own serious health condition must present the Company with a medical certification completed by a health care provider, summarizing the serious health condition and its probable duration. The Medical Certification form may be obtained from Human Resources and must be returned within 15 days of receipt of the form.

Periodic reports may be required from the employee regarding the employee's status and intent to return to work. Before returning to work, an employee who is entitled to a leave due to the employee's serious health condition must provide a certification from his/her health care provider that he/she is able to resume work. If reasonable safety concerns exist, the Company may require a certificate for employees returning from intermittent FMLA leave. The Medical Certifications forms may be obtained from Human Resources.

2. Military Certification: An employee's request for military family leave must be supported by the appropriate Certification for Military Family Leave. The Certification forms may be obtained through Human Resources. In addition, leave for a qualifying exigency must be supported by a copy of the covered military member's active duty orders. Leave to care for a covered service member with a serious injury or illness be supported by a certification completed by an authorized health care provider **or** by a copy of an Invitational Travel Order (ITO) or Invitational Travel Authorization (ITA) issued to any member of the covered service member's family.

VI. Maintenance of Health Benefits

If applicable, arrangements will need to be made for employee to pay his/her share of insurance premiums while on leave. Failure of the employee to pay their share of these premium payments may result in cancellation of coverage by the insurance carrier.

VII. Restoration of Employment

Upon return from FMLA leave, an employee will be restored to their original or equivalent position with equivalent pay, benefits, and other employment terms. A determination as to whether a position is equivalent will be made by the Company. Employees, while on leave, shall retain their years' service rights and accumulated benefits, but shall not accrue additional benefits while absent. An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed.

VIII. Failure to Return from Leave

Employees who fail to return from leave on the agreed upon return date, will be presumed to have resigned his or her employment. It is important for employees on FMLA leave to timely communicate with the Company and update Company on any changes in the FMLA leave affecting employees return to work date.

CONNECTIONS

EMPLOYEE ACKNOWLEDGMENT & AUTHORIZATION FORM

I acknowledge receipt of my personal copy of the Connection's Employee Handbook, which supersedes all previously issued employee handbooks. I acknowledge and understand that this handbook is not an employee contract, but is written for the purpose of giving employees a brief description of office policies, benefits and operational procedures.

I understand that the contents of the Employee Handbook are subject to change at any time. I further understand that any revisions to the handbook will supersede or may sometimes eliminate policies and that such changes may occur at the sole discretion of the Company with or without notice. I also understand any decision of the Company regarding the interpretation or application of policies and procedures is final and binding on all employees.

I acknowledge that I am an "at-will" employee and I may be terminated at any time for any reason or for no reason. Nothing in the Employee Handbook shall be interpreted to be in conflict with, eliminate or modify in anyway my employment "at-will" status. I understand that my employment is for no definite period of time and that this Handbook is not a contract of employment but rather a helpful summary of the current employer policies.

I acknowledge that I have read the HIPAA policy and that I understand my obligations as an employee to protect the privacy and security of protected health information as it relates to my employment. I understand that the unauthorized access, use, disclosure, alteration, deletion, or unauthorized transmission of protected health information in violation of this policy may subject me to disciplinary action up to and including termination of my employment. I also understand that violating the privacy and security rights of individuals under HIPAA may also result in the imposition of civil/and criminal penalties and other sanctions provided by federal and state laws.

I understand that no manager or other representative of the Company, other than the Executive Director, has any authority to enter into any employment agreement. I also understand that any such agreement, if made, will not be enforceable unless it is in writing and signed by the Executive Director and me.

I also acknowledge that it is my responsibility to read and comply with the policies contained in this handbook and any revisions made to it. If I do not understand any portion of the Handbook, or if I would like additional information, I understand that I should contact my supervisor, or a Human Resource representative.

I understand if there is a conflict between any benefit policy in the Handbook and the benefit plan documents, the benefit plan documents will prevail.

I understand that the workday begins promptly at 8:00AM or when the schedule states otherwise. I also understand that grounds for termination include, but are not limited to tardiness, absences or unsatisfactory work performance.

I understand that my signature indicates that I have received a copy of the Employee Handbook and that it is my responsibility to read, understand and comply with it.
